

# Search for Agencies to Provide Head Start and Early Head Start services in Puerto Rico

## Meeting Details:

**Monday, May 18, 2015**

**Rio Grande City Hall  
9:30 a.m. – 12:00 p.m.**

**Wednesday, May 20, 2015**

**Moca Municipal Technological Center  
9:30 a.m. – 12:00 p.m.**

The U.S. Department of Health and Human Services (HHS), Administration for Children and Families (ACF), Office of head Start (OHS) is coming to your community to discuss the federal funding being made available for Puerto Rico’s most vulnerable children and families. You are invited to join us to learn about how your organization can leverage this funding to establish or expand services to children from birth to age 5 and pregnant women. Head Start, a federal comprehensive early childhood development program, promotes school readiness in children ages birth to five.

The facilitated community meeting will include: an explanation of Head Start and Early Head Start and its value to Puerto Rico’s infants, toddlers and preschoolers; an overview of the Office of Head Start’s competitive application process; and provide information on engaging in virtual tours of the facilities currently being used to operate Head Start and Early Head Start in the service area.

The meetings will focus on the Funding Opportunity Announcements for:

- **May 18, 2015:** Head Start and/or Early Head Start in the Municipalities of Canovanas, Ceiba, Fajardo, Loiza, Luquillo, Naguabo, and Rio Grande; and
- **May 20, 2015:** Early Head Start in the Municipalities of Moca and San Sebastian

We invite representatives of all interested agencies to attend this meeting.
