

A Peek at Our Training Modules

The Head Start Center for Inclusion has developed training modules to help teachers include and teach all children in their classrooms. Check out the modules at www.headstartinclusion.org Click on “for trainers” to find the modules. These comprehensive modules include PowerPoint’s, video clips, photographs, and learning activities. Current topics are:

- Accessing and Strengthening the Foundation
- Curriculum Modification and Adaptations
- IEP Training

The National Center on Quality Teaching and Learning will develop more of these modules.
