

Playdough

Science Knowledge and Skills

Teacher: Okay. And then I'm going to tip it back up and put it in here.

Boy: Wow!

Teacher: Ooh, what color is that?

Boy: White.

Teacher: Okay, so far we have the salt and the oil and the flour.

Boy: Can I smell it?

Teacher: Let's see what happens. Wow! that's -- oh, look what's happening to the salt.

Boy: Whoa!

Teacher: What's it doing? Okay, so is this going to be our green batch or our blue batch?

Boy: Green!

Teacher: Little drops of... green color. There's 1, 2, 3, 4. 17, 18, 19, and 20. Let's stop at 20.

Boy: Can I smell it?

Teacher: Yeah, of course. Oh, when we do the blue, you can do the blue. It'll be your job.

Boy: Oh, that is yucky.
