

## Mathematics Knowledge and Skills: Number Concepts: Meaningful-Learning-Hoops

Teacher: She's going to tell us how many hoops we're stepping into. Okay, close your eyes. Close your eyes. How many hoops now?

Girl: Two.

Teacher: Oh, you're too good for me! How many hoops now?

Girl: Three.

Teacher: You don't even have to count it! My goodness. You really can count well. All right, now how many?

Girl: One.

Teacher: Okay, close your eyes again. This is going to be a super trick. Aha, this one's tricky. How many? Aha, what do you say when there's nothing at all? Zer...

Girl: No more.

Teacher: There's no more; so, we say it's zer...Zero! There's nothing else.
