

CDC Smoke Free Environment Video

(links for viewing and download at end of transcript)

Tezrah Thomas: I'm a parent of a Asthmatic child. After having my son I designated my home a smoke free environment. However I would still go out side out on my rob and smoke before going back in I would take off rob off. I considered this to be a smoke-free home. At the time I din't realized that the smoke that lingered in hair and creep in from outside was still affecting my baby health. And as a result we had many visits to the hospital. So as a parent of a Asthmatic child I know how important it is to provide our children with smoke with a shook-free environment. --End of Video--
