

Webinar E10 – Family Child Care – An Effective Program Option for Children, Families, and Communities

Question and Answer

Question 1 – What has been your experience with turnover with Family Child Care (FCC) providers?

Answer: Many providers have worked for the program for many years and choose to continue even with the many requirements on them to ensure compliance with all Head Start Program Performance Standards and state licensing requirements. In this program, there is a waiting list of interested FCC Providers.

Question 2 – What has been the response of families to male family child care providers?

Answer: The response from families to male family child care providers has been very positive. Having males at the provider's home complements a very strong male/fatherhood engagement program. There has been an increase in couples that are opening their homes and obtaining a child care license.

Question 3 – What is the most important factor when considering partnering with Family Child Care?

Answer: That the facility is licensed and the provider has 1 million dollars of insurance coverage
