

You know your child best

When you and your child's teacher share about your child, you help your child learn at home and at school.

To help your child learn at school, share...

What are your family's strengths?

What are your goals for your child and your family?

What do you want us to know about your child?

How does your child learn best?

What do you love about your child?

What do you find challenging?

Are there ways we can help you?

To help your child learn at home, find out...

What is my child learning at school?

What does my child like at school?

What is my child doing well?

How does my child get along with other children?

How can I support my child's learning?

Are there challenges we can work on together?

For more information, contact us at: NCQTL@UW.EDU or 877-731-0764.
