HSPPS Supports STEAM

Subpart C - Education and Child Development Program Services

1302.30 Purpose

All programs must provide high-quality early education and child development services, including for children with disabilities, that promote children's cognitive, social, and emotional growth for later success in school....

HSPPS Supports STEAM

Subpart C - Education and Child Development Program Services

1302.35 Education in Home-Based Programs

A home-based program must provide home visits and group socialization activities that promote secure parent-child relationships and help parents provide high-quality early learning experiences in language, literacy, mathematics, social and emotional functioning, approaches to learning, science, physical skills, and creative arts. A program must implement a research-based curriculum...

Support Parents in Learning About STEAM

Help parents understand that STEAM is about *how* children and adults explore the world, not which facts you know.
