Purpose of Catalogue
Head Start is more ethnically, culturally, and linguistically diverse than ever before. The Office of Head Start (OHS) is dedicated to providing all Head Start programs with resources to meet the diverse needs of their communities. This resource catalogue (volumes one, two, and three) is designed to provide programs with evidence-based materials, research, promising practices, and other information to help develop culturally and linguistically responsive systems and services. The catalogue includes books, articles, videos, and other useful resources—most of which are available free of charge.

The resource catalogue is organized into three volumes, each with a special focus. A few resources are included in more than one volume, but most are not.

- **Volume One: Dual Language Learning** provides information to support Head Start programs working to maximize the development and potential of dual language learners (DLLs) and their families. Catalogue entries showcase resources and practices on topics such as teaching strategies, assessment of DLLs, and supporting culturally and linguistically diverse programs.

- **Volume Two: Native and Heritage Language Preservation, Revitalization, and Maintenance** provides information to support Head Start programs working to preserve, revitalize, and/or reclaim American Indian, Alaska Native, Pacific Island, and other heritage languages. Catalogue entries showcase resources and practices on topics such as early childhood language nests, the use of technology in language learning, immersion preschool programs, and culturally responsive curricula.

- **Volume Three: Cultural Responsiveness** provides information to support Head Start programs in developing culturally competent and responsive practices. Catalogue entries showcase resources and practices on topics such as culturally responsive teaching strategies, working with culturally diverse families and communities, and infusing family cultures across the curriculum.

New resources will continue to be added to each volume of the catalogue. Resource recommendations are welcomed and can be emailed to the NCCLR at:

Bank Street College or Education Development Center

nclr@bankstreet.edu or ncclrinfo@edc.org.
ORGANIZATION
The resources in Volume One: Dual Language Learning and Volume Three: Cultural Responsiveness are organized into four sections: Education Strategies and Promising Practices; Family or Community Involvement; Program Systems, Policies and Procedures; and Benefits, Impacts and Effects.

The resources in Volume Two: Native and Heritage Language Preservation, Revitalization, and Maintenance are organized into three sections: Education Strategies and Promising Practices; Family or Community Involvement; and Program Systems, Policies, and Procedures.

Resources are listed alphabetically by title in the table of contents for each section. Users may browse titles or search for specific words, including names. (See instructions in Technical Notes on pages 65 and 66.)

Resource Entries
Each resource entry includes the following information:

<table>
<thead>
<tr>
<th>Resource Title</th>
<th>Description</th>
<th>Resource Type</th>
<th>HSCDELF Domains</th>
<th>Audience</th>
<th>HS Program Type</th>
</tr>
</thead>
<tbody>
<tr>
<td>Overview</td>
<td>Description of the resource content</td>
<td>Resource media type</td>
<td>The Head Start Child Development and Early Learning Framework (HSCDELF) supports the resource</td>
<td>Audience for whom the resource may be particularly useful</td>
<td>Head Start program type for which the resource may be most relevant</td>
</tr>
<tr>
<td>Language</td>
<td>Language (or languages) in which the resource is written or available Free or for purchase information</td>

</table>
Categories Key

Each of the resources in the catalogue is categorized by (1) resource type (2) The Head Start Child Development and Early Learning Framework (HSCDELF) domains, (3) audience, (4) Head Start program type, and (5) research type.

**Resource Type**
Identifies the type of resource:
- Article
- Assessment Tool
- Book
- Booklet/Brochure
- Brief
- Curriculum Resource
- Government Publication
- Head Start Publication
- Other Resource Type
- Paper
- Report
- Training
- Video
- Website

**HSCDELF Domains**
Identifies The Head Start Child Development and Early Learning Framework domains that the resource supports:
- Physical Development & Health
- Social & Emotional Development
- Creative Arts Expression
- Approaches to Learning
- Language Development
- Literacy Knowledge & Skills
- Logic & Reasoning
- Mathematics Knowledge & Skills
- Science Knowledge & Skills
- Social Studies Knowledge & Skills
- English Language Development

**Audience**
Identifies audiences (roles) to whom the resource may be particularly useful:
- Families
- Board & Policy Council
- Directors & Managers
- Education & Literacy Managers
- Education Staff
- Family Services Staff
- Health & Disabilities Staff
- Community Partners
- T/TA Providers

**HS Program Type**
Identifies the Head Start program type for which the resource is most relevant:
- EHS (Early Head Start, 0–3 years)
- HS (Head Start, 3–5 years)
- MSHS (Migrant and Seasonal Head Start, 0–5 years)
- AIAN HS (American Indian/Alaska Native Head Start, 3–5 years)

**Research Type**
Identifies the type of research the resource is based on:
- Evidence-based Practice: Those developed by individuals and organizations that have proven useful to the ECE community
- Research: Quantitative and qualitative studies that have been published—most of which have been peer reviewed for validity
To Use the Search Feature

Download and use Adobe Reader 9.5 or higher. The Adobe Reader search feature (also called Full Reader Search) allows you to search for part of a word, a complete word, or a phrase found in the catalogue.

Search options

- Whole Word Only finds the entire word entered, not portions of the word. For example, the word “child” would not be highlighted if you entered the word “children” to find. The search feature will locate hyphenated text regardless of the use of hyphens in the search box.
- Case Sensitive finds words that contain exactly the same capitalization as you enter in the Find dialog box.

To find a word or phrase

There are two ways to search for a word or phrase in the catalogue.

1. Using the Find feature:
   - Enter the name, word, or phrase you wish to find in the Find box at the top right of the PDF. When the program finds the text, it is displayed with the text highlighted.
   - It is not necessary to include hyphens in the Find text box. The Find tool will locate hyphenated text regardless of the use of hyphens in the text box.
   - Click the forward arrow to find the next occurrence of the word or phrase or the back arrow to find the text on earlier pages.

2. Using the Search feature:
   - Click on Edit in the Adobe Reader menu bar.
   - Click on “Search.”
   - Enter the name, word, or phrase you wish to find in the text box in the search window to the left of the PDF.
   - Click “Search.” When the program finds the word or phrase in the catalogue, the page containing the text is displayed with the text highlighted. The search results will also be listed in the “results” box in the search window.
   - Click “New Search” to find the next occurrence of the word or phrase.

Note: You can also access the Search feature via the Find box.

- Click on the down arrow next to the Find box (right-hand corner of PDF window).
- Click on “Open Full Reader Search.”
- Continue with steps 3–5 above.
To Use the Bookmarks Feature

The Bookmarks feature allows you to select the page you wish to view in this catalogue. It is similar to a table of contents.

To use bookmarks:
- Open catalogue in Adobe Acrobat Reader.
- Look for the bookmarks menu on the left side of the PDF window. If it is not visible, click the Bookmarks icon tab to display bookmarks.
- Click the bookmark text to go to your desired page.
- If a plus sign (+) appears to the left of the bookmark, click the plus sign to show (or the minus sign to hide) lower-level bookmarks.
- To hide the bookmarks again, click the Bookmarks icon tab.

To adjust the width of the Bookmarks window:
- Click and drag the right vertical border of the Bookmarks window to the right to increase the width of the window and to the left to decrease it.
Education Strategies and Promising Practices

These resources provide educational strategies and promising practices that have proven to be effective for use with young children.

### Culture and Child Development in Early Childhood Programs: Practices for Quality Education and Care

<table>
<thead>
<tr>
<th>Description</th>
<th>Resource Type</th>
<th>HSCDELFL Domains</th>
<th>Audience</th>
<th>HS Program Type</th>
</tr>
</thead>
<tbody>
<tr>
<td>This 224-page book shows how high-quality programs successfully adapt child development guidelines using cultural contexts, and why quality needs to, and can be, measured in culturally specific ways. It discusses best practices that are shared across class, race, and ethnic communities. The approach recognizes the two-directional relationship between the cultural community and the teacher-child relationships of the program.</td>

<td>This article explores how teacher-training programs are preparing teachers to work with young children who are culturally and linguistically diverse. It examines the ways in which many teachers do not believe they are being adequately prepared to teach children from cultural and linguistic backgrounds different from their own and considers the specific skills they need to do so.</td>
